

Calderdale Leadership Group - Collective Statement of Purpose – October 2017

Role of Partnership Members

- Take a genuine, strategic Borough-wide view
- Have an inclusive concern for all Calderdale citizens
- Speak with the authority and support of their organisation or sector
- Exert influence within their own organisation or sector in order to shape decisions, commit resources, and adjust priorities

Current Membership

Cllr Tim Swift – Leader, Calderdale Council (Chair)

Robin Tuddenham – Chief Executive, Calderdale Council

Matt Walsh – Chief Officer, Calderdale CCG

Owen Williams – Chief Executive, Calderdale and Huddersfield NHS Foundation Trust

Rob Webster - Chief Executive, South West Yorkshire Partnership NHS Foundation Trust

Amanda Garrard – Chief Executive, Together Housing Group

Richard Whitehead – Chief Superintendent, West Yorkshire Police, Calderdale Division

John Rees – Principal, Calderdale College

Martyn Greenwood – District Commander, West Yorkshire Fire and Rescue

Angela Everson/Steve Duncan – Representative of the Calderdale VCS Chief Officers Group

Our shared commitment

- We will meet at least quarterly to think about the future of the Borough over the next 7 to 10 years.
- We will develop a shared vision for Calderdale in 2024 that connects us all as partners.
- We will seek to build and retain trust with our communities and foster community cohesion throughout the Borough.
- We will share key strategic information and seek to understand the impact across Calderdale.
- We will focus on areas where we deem there will be cross-organisational opportunities for improving the lives of those who live and work in Calderdale, including:
 - Prevention and Early Intervention - developing a clear understanding of what these mean to our different organisations and developing a joined up preventative approach to care.
 - Inequalities - understanding the challenges that inequalities brings to each of our organisations.
 - Inclusive growth in the local economy – developing our role as large employers and investors in skills and workforce development to support a highly skilled

workforce to take, make and keep jobs within the local economy, and understanding the benefits of this for good physical and mental wellbeing.

- Making the most of capital investments within Calderdale and seeking to ensure that we get the widest possible benefit to each of our organisations.
- We will explore opportunities associated with integrated models of service provision, ensuring that we deliver modern services that meet the physical, mental and social needs of people.
- We will ensure effective engagement with the VCS, business and other key community anchor organisations on key strategic issues, and give early consideration of how we can best achieve this.
- We will support the appropriate use of our organisational resources and expertise to jointly tackle our agreed and shared goals.
- We will work to maximise our impact as leaders in the place and in the system both locally and within the region for the benefit of residents and businesses in Calderdale.
