

# Annual Report Summary 2020/21

# A YEAR Like No Other

## Hello

We are Owen Williams the Chief Executive and Philip Lewer, the Chairman and we are writing to welcome you to our Annual Report summary for the last year. It was a year when everyone working here had a very difficult time. Many of our doctors and nurses and porters had to wear masks and gowns at work to keep them extra safe so they could care for our patients. The pandemic changed everything and sadly many local families have lost loved ones.

But as well as looking back at events we are also looking forward and sharing what we are planning to do in the next year.

We will be:

- Starting again all the clinics and operations which had to stop last year due to the pandemic.
- Starting new buildings including a new A&E building at HRI and a new car park and hospital building at CRH.
- Looking after all the 6,000 people who work here
- Making sure all our services are easy to use for everyone including people with learning disabilities.

We want to thank all our staff for all their hard work and also thank you for reading.

We hope you enjoy it.

Best wishes,

**Dr Owen Williams OBE,  
Chief Executive**

**Philip Lewer,  
Chair**

Here's Stephen Collins from Longwood, Huddersfield who raised over £2,700 for CHFT Charity by completing a sponsored charity walk of his own, inspired by Captain Sir Tom Moore. Our thanks to him and all our fundraisers and supporters who last year raised nearly £1m.
